### About Us

All Valves Online Ltd are a valve actuation specialist supplying into a variety of industries using a wide range of products for many applications. Specialising in the assembling and testing of actuated ball and butterfly valve packages, in addition to the supply of a variety of manual valves including knife gate valves, strainers, gates and globes. All Valves has spent the last 5 years building strong relationships with some of the worlds leading brands.

Stafsjö  
SINCE 1666

### Quality Assurance

ISO 9001-2015 certified company ensuring quality products from a quality supplier. We assemble and test our valve actuation packages ensuring you receive in 100% working condition. We serial number trace all our electric actuators for full traceability. Wherever possible, we work with ISO and TUV accredited manufacturers of valves and actuators.

### Industry served

Water Treatment

Pharamaceuticals

Biogas and AD

HVAC & Refrigeration

Brewing and WRAS drinking water

Sun Yeh are a global distributor. Manufacturing in Taiwan. Torque output of 35Nm to 4500Nm with OM Series. Various options available. Note that items not in stock will incur shipping costs depending on the service you need, ie sea freight or air freight. Always check for landed cost prior to quoting/ ordering.

#### Voltage Code Explained:

H = 24VAC/DC      E = 220VAC  
C = 110VAC      I = 315VAC

\* Note that we do not stock ANY 3Ph actuators.. All factory lead time.

Perfect solution  
is the only goal  
for Sun Yeh

We stock components here in Pershore to allow us to fabricate valve linkage kits using laser cut and folded brackets and blank SS drive adapters. We use a local machinist to machine all our valve adapters to suit your valve and actuator arrangement. This can be square drives, double D (2 flats) or a key shaft type.

Call us today for details or any special requirements you have.

We also stock stem adapters to allow direct mounting from valve to actuator in terms of valve stem and actuator output drive.
